About The Pacific Islands Forum Secretariat

Founded in 1971, the Pacific Islands Forum is the region’s premier political and economic policy organisation. The Forum Leader’s Vision is for a region of peace, harmony, security, social inclusion and prosperity, so that all Pacific people can lead free, healthy, and productive lives.

The work of the Pacific Islands Forum Secretariat (PIFS) is guided by the **2050 Strategy** as:

“Our opportunity to engage with and shape the most significant dynamics and influences on our region, in order to secure our long-term wellbeing and prosperity. Through the Strategy, we will ensure we are resilient and ‘future-ready’ by being able to anticipate, prepare for and respond to hazardous climate events, geopolitical and security trends, and other unanticipated shocks.”

The 2050 Strategy is underpinned by the Blue Pacific narrative, endorsed by Forum Leaders in Samoa in 2017, which calls for a long-term regional commitment to act as one “Blue Continent” as the means to achieve its development aspirations. The Leaders vision was that it would serve as the platform to reinforce and inspire the region in its shared stewardship of the Pacific Ocean, and to reaffirm the connections of Pacific peoples with their natural resources, environment, culture, and livelihoods.

About The Office of the Pacific Oceans Commissioner

In 2010, the Pacific Island Forum (PIF) Leaders endorsed the 2010 Framework for a Pacific Oceanscape (FPO), which included the:

*Establishment of a Regional Ocean Commissioner, with dedicated professional support, would provide the necessary high-level representation and commitment that is urgently required to ensure dedicated advocacy and attention to ocean priorities, decisions and processes at national, regional and international levels.*

The Office of the Pacific Oceans Commissioner (OPOC) supports the Pacific Ocean Commissioner in the discharge of his/her responsibilities to Forum Leaders, and Pacific Island countries and territories. Since its establishment, the OPOC has fulfilled its core responsibilities of advocacy and coordination by bringing together various expertise and stakeholders consisting of (Members, CROP agencies, civil society and private sector) in line with the mandate of the FPO through the establishment of a Regional Ocean Alliance/Partnership known as the Pacific Ocean Alliance (POA). The purpose of the POA is to provide effective ocean policy coordination and implementation, and to facilitate regional cooperation and discuss new and emerging issues where the mandate does not sit with one regional organisation alone. To date, the OPOC provides support to Members on the BBNJ negotiations, as well as supporting Members in collaboration with the PIF Secretariat and other relevant CROP agencies in coordinating regional positions and providing policy support to Members in preparation for key regional and global ocean events, such as the UN Ocean Conference as required.
Since the endorsement by Leaders of the **2050 Strategy for the Blue Pacific Continent** on 14 July 2022, the work of the OPOC as similar to other regional organisations will be underpinned by the Strategy, which calls for a long-term regional commitment to act as one “Blue Continent” as the means to achieve its development aspirations. The Leaders ambition is for the **Blue Pacific**, with the ocean at its core, to serve as the platform to reinforce and inspire the region in its shared stewardship of the Pacific Ocean, and to reaffirm the connections of Pacific peoples across the vast oceanic continent, with its natural resources and environment, biodiverse ecosystems, cultures and livelihoods and prospects. For more information about OPOC visit [www.opocbluepacific.org/](http://www.opocbluepacific.org/).
